

***F.lli Frattini***

## Design

A mixer should last for long time and should be protagonist of a natural and daily action. Mixers furnish the Bathroom which is a place where functionality and aesthetic play together. For these reasons Fratelli Frattini mixers have been created thanks to the fantasy of the designers and the experience of the product. Fratelli Frattini manufactures many series of mixers and it is constantly engaged to find new aesthetic solutions.

## History

Fratelli Frattini begins in 1958 in of San Maurizio d'Opaglio, thanks to the foresight of the brothers Pier Luigi, Benito and Giuseppino Frattini, supported by their father Maurizio: a long tradition based on tenacity and talent. More than 50 years of big passion with love for the job and technical knowledge. Consistent with high quality bathroom products, with particular care in the technical and aesthetical features, the company introduced during the years important technical and design innovations.

## Future

The commitment and the passion of the founders have been transmitted to the new generations whom, pick-up the reins from the parents, entering the Company bringing creativity and verve and represent the link between the past and the future.

## Special Finishes

F.lli Frattini introduce 4 new finishes for the Tolomeo range of bathroom tapware, 24 carrot Brushed Gold, Black Chrome, Matte Black and Inox. The special finishes are available on all Tolomeo products offered by F.lli Frattini in Australia. With core pieces stocked in Australia, minimal lead times apply.

F.lli Frattini is 100% made in Italy. The finishing process is carefully controlled by F.lli Frattini by using their own Electro Plating process, quality of the finish is not compromised through the process with all special finishes produced in accordance to EN248 - ISO9227 - ISO4540.

## Quality and evolution

Design is the main value which granted and grants the success of the company. Follow the market tendencies with constancy and the high reliability of the products, a real Made in Italy manufacturer, make its customers and end users satisfied and trusted. Always renovating with the aim to search new materials, new shapes, offering to the market reliable, long lasting and strong products.

With the Fratelli Frattini sanitary mixers, functionality and creativity match and create different and original effects to answer with the best performance solution to the furnishing needs.

The more stars the more water efficient
