TESTADURA

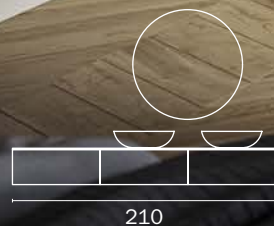

Il termine "TESTADURA" in italiano è un'espressione gergale che indica una persona ostinata, ma anche dal forte carattere. Forte e decisa è infatti la caratterizzazione estetica di TESTADURA, sottolineata dai preziosi legni pressati a rilievo e incastonati nei telai nelle finiture Your Own Colour o nel prezioso bronzo. La struttura del mobile può essere abbinata al colore del telaio oppure - in alternativa - nelle diverse finiture in legno impiallacciato liscio.

The term "TESTADURA" in Italian is a slang expression that indicates a stubborn person, but also someone with a strong character. Indeed, the aesthetic characterization of TESTADURA is strong and determined, highlighted by the precious woods pressed in relief and set in the frames in the Your Own Colour finishes or in the precious bronze. The structure of the furniture can be matched with the color of the frame or alternatively - in different smooth veneered wood finishes.

Le terme "TESTADURA" en italien est une expression d'argot qui indique une personne têtue, mais également avec un fort caractère. En effet, la caractérisation esthétique de TESTADURA est forte et déterminée, soulignée par les bois précieux pressés en relief et incrustés dans les cadres dans les finitions Your Own Colour ou dans le précieux bronze. La structure du meuble peut être assortie à la couleur du cadre ou, en alternative, dans différentes finitions en bois plaqué lisse.

El término "TESTADURA" en italiano es una expresión coloquial que indica a una persona obstinada, pero también con un fuerte carácter. De hecho, la caracterización estética de TESTADURA es fuerte y decidida, destacada por las maderas preciosas prensadas en relieve e incrustadas en los marcos en los acabados Your Own Colour o en el precioso bronce. La estructura del mueble se puede combinar con el color del marco o, alternativamente, en diferentes acabados en madera chapada lisa.

CORRETTO

CORRETTO è sinonimo di eleganza e versatilità. La protagonista è la vestizione, che racchiude i mobili componibili su tutti i lati. Alla vestizione si possono poi abbinare i top per lavabo da appoggio o integrati con lo stesso materiale o in materiali diversi, creando l'effetto di un singolo mobile liberamente composto con le modularità desiderate.

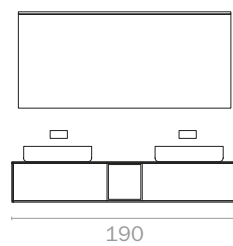

CORRETTO is synonymous with elegance and versatility. The protagonist is the coating, which encompasses modular furniture on all sides. Top with integrated our countertop basins can then be combined with the coating, either as freestanding or integrated sinks, using the same material or different materials, creating the effect of a single freely composed unit with the desired modularity.

CORRETTO est synonyme d'élégance et de polyvalence. Le protagoniste est le partour, qui englobe des meubles modulaires de tous côtés. Les plans peuvent ensuite être combinés avec le partour, soit en lavabos de pose libre, soit intégrés, utilisant le même matériau ou des matériaux différents, créant ainsi l'effet d'une seule unité librement composée avec la modularité souhaitée.

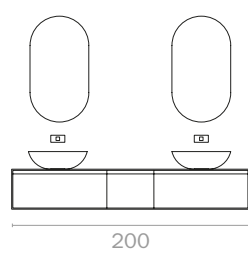

CORRETTO es sinónimo de elegancia y versatilidad. La protagonista es el revestimiento, que encierra los muebles libremente componibles en todos los lados. A el revestimiento se le pueden agregar encimeras para lavabos de apoyo o integrados con el mismo material o con materiales diferentes, creando el efecto de un solo mueble libremente compuesto con las modularidades deseadas."
