Service Request

We are very sorry to hear that you have experienced a problem with your product.

We can assure you that should there be a production or material fault for which we as the supplier are liable, we will take the necessary steps to rectify or replace the product only in line with the product manufacturer's guarantee.

Please be advised that in most cases we find that the fault is with the installation or general wear and tear and not the product, in these instances, we have to make a charge to cover the costs of our services.

Service fee cost \$150 for the first hour plus parts if required.

Warranty Claims

To make a warranty claim, please contact your place of purchase or contact Gro Agencies for the Warranty/Service application form. The warranty/service form must be completed and returned to Gro Agencies by email, once received by Gro Agencies your request will be assessed, and you will be contact by Gro Agencies or an authorised representative of Gro Agencies.

To make a warranty claim you must be the original purchaser of the product and be able to provide relevant proof of purchase such as an invoice from an authorised Gro Agencies reseller/retailer. Should the claim be for a product supplied by a builder for a commercial/residential project then handover documentation will be required as proof of purchase.

If the product has not been installed, it should be returned to the place of purchase if considered practical.

Warranty Information

The warranty of the products listed below are valid to the person who acquires the product from an authorised Gro Agencies reseller/retailer for their own use and not for resale or resupply. The warranty is only offered to goods purchased in Australia from an authorised Gro Agencies reseller.

Where the product is covered by a parts and labour warranty, the warranty covers the cost to replace the defective part, and the labour required to install the defective part by a Gro Agencies authorised service plumber.

Where the product is covered by a replacement part warranty, Gro Agencies will supply the replacement part only and it is the responsibility of the consumer to install the replacement part.

Warranty or Service Fee

A claim for a product that has a manufacturing fault where labour is included, Gro Agencies will cover the cost to replace the faulty part. This does not include any subsequent costs for further work required to access the product, removal of other items and replacement to access the product covered under warranty.

Should a Gro Agencies representative determine the claim for a 'warranty' is not a manufacturing fault Gro Agencies reserves the right to charge a service fee of \$150 inc gst plus any costs required to resolve the issue. Product failures caused by incorrect installation are not covered by our warranty terms. Gro Agencies reserves the right to charge the service fee of \$150 to rectify products installed incorrectly.

Warranty Commencement Date

The warranty commences from the invoice date as purchased from a Gro Agencies authorised reseller/retailer. Warranty period does not start when the product was installed.

Consequential Loss

To the extent permitted by law, Gro Agencies will not be liable for any loss or damage to furniture, floor coverings, walls, fixtures, or any other consequential loss of any kind by any defect in the product.

Warranty Service Network

Gro Agencies has a selected number of authorised service agents throughout most metropolitan areas. Where a warranty claim is made for regional area greater than 50km from the centre of the metropolitan area, the customer is responsible for the cost of the authorised service agent to resolve the warranty issue unless agreed in writing with Gro Agencies. Gro Agencies will supply parts for the warranty according to the warranty terms.

Warranty Exclusions

1. The customer's inability to provide proof of purchase or similar documentation.
2. The products have not been installed by a licensed plumber and/or electrician in accordance with the manufacturer's recommendations.
3. The products have not been installed according to National Plumbing Code or local government regulations.
4. The products have not been installed according to manufacturer's installation instructions/recommendations.
5. Static water pressure exceeding 500kpa and/or water temperature that exceeds manufacturers recommendations. Please note AS/NZS3500.1-2003 (clause 3.3.4) specifies 500kPa maximum water supply pressure at any outlet within the building for new installations.
6. Fitting of third-party devices to outlets such as water filters to the tapware outlets
7. Fair wear and tear of working parts/consumables including washers, seals, aerators, inlet and outlet washers for toilet cisterns.
8. Products used for incorrect applications.
9. Water leaks or damage caused by inadequate cleaning or flushing of the system during the installation process. This also includes damaged caused by poor/contaminated water supply (includes tank/grey water) which may result in soil, silt and debris found inside the working parts which in turn cause the water leak or damage to the product.
10. Failure to adequately maintain the product by regular cleaning the aerator and/or water outlet points such as shower heads and aerators.
11. Damage to the finish/surface of the product caused by incorrect cleaning products such as abrasive cleaners.
12. Damage to the product during installation.
13. Damage to the product due to misuse as determined by a Gro Agencies representative.
14. Failure to observe the care and cleaning recommendations as supplied by the manufacturer.

Warranty Information

Your Statutory Rights – Australian Warranty

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Change of mind

Consumers are not entitled to a repair, replacement or refund under the consumer guarantees if they got what they asked for but simply changed their mind, found the product cheaper somewhere else, or decided they didn't like the purchase or had no use for it.

TECE cisterns and flush buttons

All TECE in wall cisterns and flush buttons are supplied with installation instructions and are provided to ensure best possible installations, should the installation instructions not be followed, Gro Agencies reserves the right to charge a service fee to resolve installation issues.

Toilet seats

A toilet seat that comes loose with continued use is not covered by the Kerasan/Cai/Faith warranty. All toilet seats under normal usage may come loose after a period and require tightening. A loose toilet seat may also cause the soft close mechanism if fitted to fail. The toilet seat can be tightened by removing the seat and fixing cover and tightening the screw.

Ceramics

Ceramics by their very nature are not manufactured to exact specifications, manufacturers allow some tolerances in measurements and the finish of the surface. Large pieces of ceramic are also subject to bowing, again bowing is part of the manufacturer's tolerance should you believe the bowing is excessive and greater than 10mm over a 1000mm length then please contact Gro Agencies.

NDW Showers

NDW showers have a 5-year replacement warranty as per the table, the replacement part is supplied at no cost but is the responsibility of the homeowner to install.
